Drivers love towing the 2 Horse Mustang because of the way it sits comfortably behind your vehicle and negotiates roads and highways with ease. Horses also enjoy the additional space and comfort features and owners simply adore the additional storage and space available in this must-have trailer.

Olympic's comments: *The Olympic 2 Horse Mustang is simply wow!! Towing like a dream this is the float that riders aspire to. It's luxurious and it affords its horses and riders space to move freely and to accommodate themselves with the finer things in life. It's a generous float and with some of our amazing extras can be an absolute dream!*
